

Helium510

Helium510 is a highly versatile loudspeaker. Due to wide and even dispersion it performs well in real world placements, where traditional non-controlled speakers run into trouble. A typical example is bookshelf or TV cabinet, where controlled dispersion keeps the imaging and midrange clarity intact.

Technical specifications

Operating principle	Two-way, vented
Tweeter	1" titanium
Mid / woofer	5¼" paper
Crossover point	1600 Hz
Impedance	8 Ω
Sensitivity	86 dB
Frequency response	48 – 25.000 Hz -6dB
Power recommendation	20 - 100 W
Measurements (H x W x D)	316 x 160 x 265 mm
Weight	7 kg

Variations
